PETITION TO REVIVE UNDER 37 CFR 1.137(b)

Honorable Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants, through their undersigned agent, hereby petition for revival of the above-identified application in accordance with the terms of 37 CFR 1.137(b). The above identified application became abandoned for failure to respond to the Notice to Comply with Requirements for Patent Applications containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures of December 10, 1999.

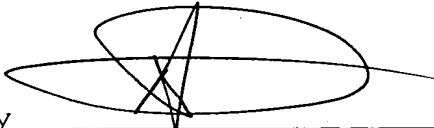

Filed on even date herewith is a response submitting a substitute Sequence Listing in paper copy and computer readable form. Please consider this as a response to the Notice to Comply under 37 CFR 1.137(b). The entire delay in filing the attached response from the due date for the reply in the parent

application until the filing of this petition under 37 CFR 1.137(b) was unintentional. Attached hereto is the petition fee of \$1,240.00 as set forth in 37 CFR 1.17(m). Since this application was filed on or after June 8, 1995, no terminal disclaimer is required.

Granting of this petition and forwarding of the proposed response to the Examiner for action in this case is earnestly solicited.

Respectfully submitted,

BROWDY AND NEIMARK, P.L.L.C.
